October 2008

- **An overview of contemporary Japanese architecture from the late 1980s to the present day and beyond, including projects in progress**
- **Includes exceptional examples from the most exciting architects working in Japan today, such as Toyo Ito, SANAA, Atelier Bow-Wow and Kengo Kuma**
- **Introductory essays provide a wide-ranging survey of contemporary Japanese architecture and detailed treatments of the individual projects**
- **Features an array of buildings, including residential, retail and public works projects, all extensively illustrated with photos, drawings and computer renderings**

Botond Bogнар is an influential international expert on Japanese architecture and urbanism and holds the Edgar A. Tafel Chair in Architecture at the Urbana-Champaign School of Architecture, University of Illinois. For the past 30 years he has been investigating various aspects of Japanese architecture and urbanism, and has published numerous books, essays and articles on the topic.
