Hervé Tullet was born in 1958. After studying Fine Art, he worked as an Art Director before joining the advertising industry. In 1994 he published his first book for children and has since become one of the world's most innovative bookmakers. Known in France as the 'prince of pre-school books', Tullet takes the concept of reading to a new level, teaching young minds to think imaginatively, independently and creatively. A great lover of children's literature, he is the father of two boys and a girl who never fail to inspire him.
